

Academic Assessment

The charts below outlines the Terra Nova student test scores from the 2017-18 school year (the last year the scores are available). Erie Day School students in Grades 1 through 7 scored above average in all tested areas.

- GME (grade mean equivalent)—indicates the average per class in comparison with the grade level. For example, a 2.6 reflected in Grade 1 shows the average student is performing at a level of a student in Grade 2 in the sixth month.
- EDS TP vs. NA (Erie Day School total point average)—demonstrates the average EDS total number of points accurate in comparison with the national average (NA).
- TP (total points possible)—indicates the total number of points in each content area and grade level measured.
