CONCERT RECITAL INCLUDING PIECES FROM CHOPIN,  
MOZART AND SCARLOTTI AT 8:30AM TOMORROW.**

**Mrs. Golba and Grade 2 students performed the  
"legal version" of the Three Little Pigs last week!**

## MOMENT FOR MISSION

Dear All,

This time of year does well to highlight our vibrant educational programs at Erie Day School. The performing arts come to the stage in greater frequency with weekly Friday Morning Meetings. Beautifully rehearsed stage productions showcase students increased comedic timing, stage presence, and flair for the dramatics. The EDS Playhouse cast and crew finalize preparations for the opening night of their production on March 28<sup>th</sup>. *Shrek the Musical, Jr.* is sure to entertain and remind us of the joys found in childhood. (Tickets are on sale each morning and at the door!)

Across the school, artistic hands are painting finishing touches in readiness for the annual Visual Arts Walk. The works of art should provide us the uplifting color we have missed through the months of winter. This year's spring event opens the doors to the *Tom Vicary ('55) Art Gallery* in the Griffith Lobby with borrowed items from their family's collection!

With the change in the temperatures, Lower School students will venture beyond the classroom visiting The Planetarium at PennWest Edinboro, EARS, the Cleveland Zoo and the Erie Playhouse among other locations. The science and English curriculum progress with each community connection.

Middle School students will compete at the state and regional levels between Math Counts and the National Civics Bee in the weeks ahead. Students are set to demonstrate conceptual understandings learned in class as well as those researched among area professionals.

Thank you for your commitment to our little school with BIG ideas. Our students and overall population may be small but the educational interests and talents are mighty! Here's to another successful spring season in learning and leading!

Yours in education,

Dr. Karen K. Tyler, Head of School
