

## Erie Day School Common Good Pledge

The ideal of the *Common Good* goes back to the Greek philosophers. It points to a state when all people have everything they need to thrive –adequate food, shelter and health care, access to quality education and meaningful employment, the love of their family and the respect of their peers. In these days of the coronavirus, we embrace the community’s renewed attention to the Common Good because we are, literally, dependent on one another for our health and well-being.

At Erie Day School, the goal of the Common Good is related to our value of the School community through which we commit to the preservation of a world where all may thrive. Now, more than ever, our decisions and our actions affect the welfare of the whole. The realization of the Common Good is found through everyone working together to create the best possible world and the safest possible campus. For that reason, we are inviting each member of this community to strengthen our Common Good by committing to the following:

As a member of the Erie Day School community, I commit that:

- ✓ I have read and agree to the EDS Re-Opening Plan and Community Handbook;
- ✓ I will exhibit, in words and actions, my respect for each member of the community;
- ✓ I will follow all current CDC guidelines and EDS protocols as they relate to public health and safety;
- ✓ Wear a face mask on campus;
- ✓ Practice social distancing;
- ✓ Practice good hygiene, which includes frequent hand washing;
- ✓ Leave the spaces I have used clean and ready for the next person;
- ✓ Minimize high risk behaviors in order to reduce community spread (see below); and
- ✓ Engage in remote learning when feeling sick or symptomatic to avoid making others sick.
